

DURATION AND TERMS OF THE WARRANTY

With the present warranty ELLETiPI S.r.l. undertakes to replace the components of its products that show defects attributable to manufacturing and/or conformity defects of it that occur within 24 months from the date of delivery.

The delivery date shall be evidenced by a delivery document issued by the seller or by another document (e.g. sales receipt) stating the name of the seller, the date of delivery of the system, the details of the wastebin system (type, model).

Any repair or replacement of components or of the equipment itself shall not extend the duration of this of this guarantee which shall continue, in any case, until the expiry of the original 24 months.

In any event, in order to warranty, the party concerned shall report the lack of conformity in writing to the seller within the period of two months from the date of discovery, under penalty of forfeiture.

After the expiry of the 24-month period of this Conventional Manufacturer's Guarantee, any repair and/or replacement of components shall be borne by the Consumer.

LIMITS OF THE WARRANTY

This guarantee shall not be valid

1. If the defect is not attributable to production and/or conformity defects in the goods;
2. If the defect is not reported within 2 months from the date on which it was discovered
3. If the receipt/tax receipt or other document showing the date of purchase is not presented and the name of the seller;
4. If the non-conformity arises from one of the following causes: due to transport damage; due to improper use negligent or otherwise not in conformity with that indicated in the instruction manual; for imperfect installation
5. For all periodic maintenance and for the repair or replacement of parts subject to normal wear and tear, such as normal wear and tear such as lamps, grease filters, activated carbon filters and the like;
6. For all damage resulting from fortuitous and unforeseeable events, such as, for example, overloading , or other causes not attributable to ELLETiPI S.r.l.;
7. Defects in the systems or equipment to which the product was connected;
