The validity of this certificate shall be verified on www.fsc.org
For the full list of product groups covered by the certificate see www.fsc.org

This certificate itself does not constitute evidence that a particular product supplied by the certificate holder is FSC-certified (or FSC Controlled Wood). Products offered, shipped or sold by the certificate holder can only be considered covered by the scope of this certificate when the required FSC claim is clearly stated on sales and delivery documents. This certificate remains the property of SGS. The certificate and all copies or reproductions shall be returned or destroyed if requested by SGS.

The mark of responsible forestry

This document is issued by the Company subject to its General Conditions of Certification Services accessible at www.sgs.com/terms_and_conditions.htm in French to the conditions of validity, identification and jurisdictional aspects established therein. The authenticity of this document may be verified at <http://www.sgs.com/verification> and production/identification documents. Any unauthorised alteration, forgery or falsification of the content or appearance of this document is unlawful and offenders may be prosecuted by the fullest extent of the law.

Impreso con tintas tóner, cumpliendo con los estándares europeos de materiales volátiles, libre de ellos como certifica el siguiente documento.

Subject: Volatile Organic Compounds (VoC)
Issued: December 2018

The European Directive 2004/42/CE on the limitation of emissions of volatile organic compounds due to the use of organic solvents in certain paints and varnishes and vehicle refinishing products defines 'Volatile organic compound (VOC)' as any organic compound having an initial boiling point less than or equal to 250°C measured at a standard pressure of 101.3 kPa.

This is to confirm that no organic solvents are used during the synthesis of the resins, nor during the production of Xeikon toners (FA, QA-I, QB-I, QA-P, QA-IC, QB-IC, QA-CH, QB-CH, QA-CD and SPOT colours).

Xeikon toners are therefore completely free of VoC.

Dr. Lode Deprez

Vice President Technology Digital Inks and Imaging Process
Xeikon Manufacturing NV, Duwijkstraat 17 - 2500 Lier - Belgium

If you need more information, please contact Xeikon at: xeikon.regulatory.affairs@flintgrp.com.

Por último, adjunto certificado de materiales ignífugos, según normas europeas, para el papel impreso de 100 gramos por m2, usado para la producción de las cenefas.
