

Provides up to 3x better coverage with no extra water

The 600 SatelliteClean® Dishwasher has an innovative spray arm that delivers 3x better spray coverage compared to the standard system. Guaranteeing corner-to-corner cleaning so that even closely stacked items are thoroughly washed.

Product Benefits & Features

SatelliteClean®. Complete cleaning. Without using extra water

Dishes come out spotless with SatelliteClean®—it performs up to 3x better than the standard dishwasher. Thanks to the double-rotating arm that continuously changes the angle of the spray, even bulky items are deeply cleaned.

Removes more than 99,999% of bacteria and viruses*

The ExtraHygiene function gives you maximum cleaning performance with hygienic care. With the ExtraHygiene function, the final rinse phase heats up to 69°C and keeps the temperature high for minimum 10 minutes to sanitize your dishes, removing more than 99,999% of bacteria and viruses*.

*Tested for Micrococcus luteus and MS2 bacteriophage in external test performed by Swisstatest Testmaterialien AG in 2021 (Test Report No. 20212029).

3x better drying with AirDry

The new AirDry technology uses natural airflow to finish drying, for up to 3x better performance compared to closed-door systems. The door opens 10 cm towards the end of the cycle, letting air circulate for superb drying results.

QuickLift - change the basket height even when fully loaded

Whether loading or removing dishes do it comfortably with the QuickLift basket. Even when the upper basket is fully loaded, the QuickLift system allows you to quickly raise and lower your rack to fit dishes and kitchen tools of different shapes and sizes.

Quick and efficient

Your new time saver. When you have a light load, our 30-minute quick wash programme offers the perfect solution. And all without compromising on results. For the perfect washing result - fast.
