Manual de montaje válido para fijo lateral derecha o izquierda
Instructions suitable for right or left fixed side panel

Hoja corredera + fijo + fijo lateral
Sliding door + fixed panel + fixed side panel

1A

Opción de montaje del marco mediante adhesivo

Option for mounting the fixed profile through double sided tape

A

Marcar en la pared el exterior del marco fijo M-03

Place a mark in the outer part of the fixed profile M-03

B

Pegar la cinta adhesiva al marco fijo

Paste the double sided tape in the fixed profile

M-03

M-28

C

Despegar protector adhesivo del perfil y colocar soporte guía M-06

Take out the double side tape cover and place the rail support M-06

M-03

M-06

M-03

D

Colocar el perfil según marca

Place the profile according to markings

M-03

1B

Opción de montaje del marco atornillandolo a pared
Option for mounting the fixed profile screwing it into the wall

A Realizar dos taladros al marco fijo
Drill two holes to the fixed profile

B Marcar los taladros del marco fijo y el exterior del perfil en la pared
Mark the holes of the fixed frame and the outside of the profile on the wall

C Taladrar e insertar los tacos a la pared
Drill and place the wall cleats

D Atornillar el perfil según marcas y colocar el soporte guía M-06
Screw the fixed profile according to the markings and place the rail support M-06

2A

Opción de montaje del perfil imán mediante adhesivo

Option for mounting the magnetic profile through double sided tape

Sólo modelo Hoja corredera + fijo

Only Sliding door + fixed panel model

A Marcar el exterior del marco imán M-04 a la misma distancia del borde exterior que el marco colocado anteriormente
Mark the outside of the magnet frame at the same distance from the outside edge as the previously placed frame

B Pegar la cinta adhesiva al marco imán
Paste the double sided tape in the magnetic profile

C Despegar el protector adhesivo de la cinta doble cara y colocar el soporte guía M-06
Take out the double side tape cover and place the rail support M-06

D Colocar el perfil según marcas
Place the profile according to the markings

2B

Opción de montaje del perfil imán atornillandolo a pared
Option for mounting the magnetic profile screwing it into the wall

Sólo modelo Hoja corredera + fijo
Only Sliding door + fixed panel model

A Colocar el soporte guía M-06 y taladrar el perfil
Place the rail support and drill the profile

B Marcar taladro y exterior del perfil en la pared
Mark the hole and outside of the profile on the wall

C Pegar la cinta de doble cara al perfil
Paste the double side tape in the profile

D Despegar protector adhesivo
Take out the double sided tape cover

2B

Opción de montaje del perfil imán atornillandolo a pared
Option for mounting the magnetic profile screwing it into the wall

Sólo modelo Hoja corredera + fijo
Only Sliding door + fixed panel model

E Taladrar las marcas
Drill the markings

Broca/Drill
Ø 6mm

F Colocar los tacos en la pared
Place the wall cleats

M-24

G Colocar el marco imán M-04 según marcas y atornillar
Place the fixed profile M-04 according to the markings

2

Sólo modelo Hoja corredera + fijo + fijo lateral
Only Sliding door + fixed panel + fixed side panel model

A Realizar dos taladros al perfil U
Drill two holes to the U profile

B Marcar taladros en la pared
Place a mark of the holes in the wall

C Taladrar las marcas y colocar los tacos en la pared
Drill marks and place the wall cleats

D Atornillar perfil a la pared
Screw the profile into the wall

2

Sólo modelo Hoja corredera + fijo + fijo lateral
Only Sliding door + fixed panel + fixed side panel model

E Insertar marco imán M-04 al marco esquinero M-29
Assambly the closing profile M-04 with the side panel M-29

F Colocar el vidrio fijo lateral en el perfil U M-30
Place the side fixed glass within the U profile M-30

3

Colocación de la hoja fija
Place fixed glass

A Colocar goma de apoyo al vidrio fijo
Place the rubber stoppers for supporting the glass

B Insertar vidrio fijo en marco fijo
Place the glass into the profile

C Colocar el patín en el vidrio fijo hasta el canto del vidrio.
(Deshacerse de la bolsita de suplementos plásticos que vienen con el patín)
Place the lower guide on the edge of the glass as shown below (Get rid of the bag of plastic supplements that come with the lower guide)

4

A Medir ancho del hueco
Measure the width of the space

B Si fuese necesario, cortar la guía para ajustarla al hueco
If necessary, cut the rail for fitting

C Cortar M-22 a la medida del vidrio fijo
Cut M-22 to the size of fixed glass

D Insertar M-22 en la guía
Place M-22 inside the rail

4

E Colocar la guía M-05 en los soportes laterales M-06
Place the rail M-05 on the top of the rail support M-06

F Taladrar los extremos de la guía, incluidos los soportes
Drill out the ends of the guide, including the rail support

G Colocar la pieza M-26 como se indica
Place M-26 as shown below

H Atornillar los extremos de la guía, colocando las piezas M-20 y M-21
Screw the ends of the guide together, inserting the pieces M-20 and M-21

5

Sólo modelo Hoja corredera + fijo + fijo lateral
Only Sliding door + fixed panel + fixed side panel model

A Ajustar el descuadre del vidrio lateral y fijar la posición atornillándolo como se muestra
Adjust the side glass offset and fix its position screwing it as shown below

B Colocar tapa superior del perfil
Place the cover of the profile

6

Montaje de la hoja corredera
Description of the sliding door assembly

A Colocar el imán a la hoja corredera
Place the magnetic seal closure into the sliding door

B Colocar los junquillos de estaqueidad a la hoja corredera y al vidrio fijo
Place the arrow seal in the fixed panel and sliding door

C Cortar y colocar vierteaguas inferior en la hoja corredera y añadir los soportes de ayuda de apoyo del vidrio
Cut and place the flashing in the sliding door as shown below. Add the glass support for easing the process

6

D Colocación de la hoja sobre el patín

Place the sliding door within the lower guide as shown below

E Colocar los rodamientos en la guía y ensamblarlos a la hoja atornillandolo

Place the bearings within the rail. Then screw them into the sliding glass

F Quitar el soporte de apoyo del vidrio

Remove the glass supports

G Colocar el tirador de la hoja corredera

Assembly of the sliding glass handle

A Regular la hojas correderas a través de los rodamientos
Adjustment of the sliding door via the bearings

B Desplazar la puerta hasta que el tirador quede a unos 2cm aproximadamente del canto de la hoja fija
Slide the sliding panel until the handle is approximately 2 cm away from the edge of the fixed panel

C Posicionar el tope de goma de la hoja a continuación del rodamiento
Place the sliding door stopper next to the bearing

D Atornillar el tope de goma en esa posición
Screw the rubber stopper in that position

A Cortar M-19 a la medida del hueco
Cut M-19 to size of the opening

B Colocar M-19 en la guía
Place M-19 in the rail

C Colocar M-16 durante unos 2 minutos en agua tibia antes de su colocación

Soak M-16 for about 2 minutes in warm water before application

D Ajustar posición del vidrio fijo y fijarlo mediante la junta M-16
Adjust the position of the fixed panel. Place the rubber M-16 on the glass

A Cortar los extremos interior y exterior de la goma de apoyo del vidrio
Cut both the interior and exterior glass support rubber

B Cortar perfil base a la medida del hueco
Cut the lower profile to the size opening

C Pegar la cinta de doble cara al perfil y cortar la aleta a la medida del embellecedor
Attach the double sided tape to the profile and cut the flashing to the size of the side trims

D Colocar el perfil base alineado con el patín
Place the base profile in line with the lower guide

10

Sellar el modelo terminado a lo largo de las zonas indicadas
Seal the product as shown below

Hoja Informativa

CASPIO

DESCRIPCIÓN

- Mampara de ducha frontal de una hoja corredera y una fija

MEDIDAS

- Ancho: Desde 95 hasta 180 cm
- Alto: 195 cm
- Grosor vidrio: 6 mm
- Perfilería: 4 cm

CARACTERÍSTICAS

- Acabado en plata brillo o negro mate.
- Vidrio antical a doble cara de 6 mm.
- Cierre magnético
- Puerta corredera

MATERIALES

- Vidrio termoendurecido de 6 mm.
- Herrajes y rodamientos: Poliamida y Zamak 5.
- Patín inferior: Zamak 5.
- Perfilería: Aluminio.
- Juntas e imanes: PVC estable a rayos UV y tratamiento fungicida.

MODELO

USO ADECUADO

Deslizar suavemente
al abrir y cerrar

No colgar toallas u
objetos pesados

Asegúrese de que las
puertas se encuentren
cerradas al momento
de usarla

MANTENIMIENTO Y LIMPIEZA

Limpiar con un paño
suave y limpio

Utiliza un producto de
limpieza neutro

Utiliza una esponja

PRECAUCIONES DE SEGURIDAD

No apoyarse en los
vidrios

Evitar golpes fuertes
en las puertas

No dejar a niños
pequeños sin supervisión

bellobath®
