Manual de montaje válido para fijo lateral derecho o izquierdo

Instructions suitable for right or left fixed side panel

Hoja corredera + fijo + fijo lateral

Sliding door + fixed panel + fixed side panel

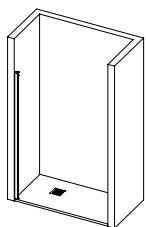

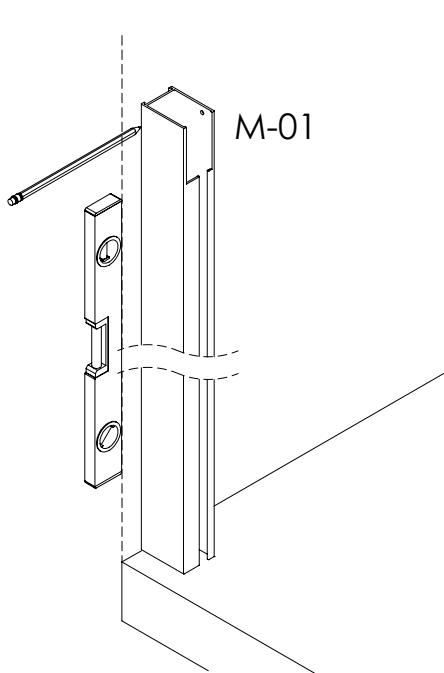

1A

Opción de montaje del marco mediante adhesivo
Option for mounting the fixed profile through double sided tape

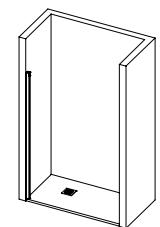

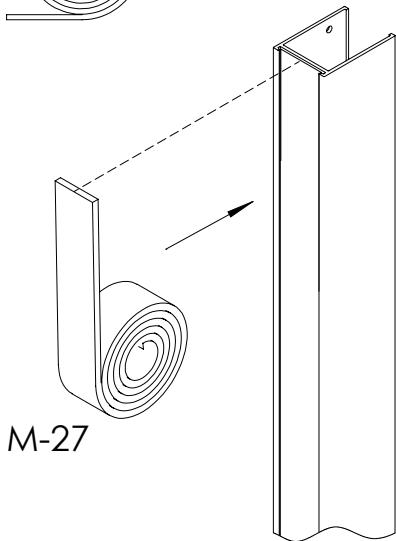

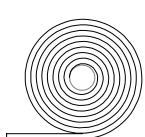

A

Marcar en la pared exterior del marco fijo
Place a mark in the outer part of the fixed profile

B

Pegar la cinta adhesiva al marco fijo
Paste the double sided tape in the fixed profile

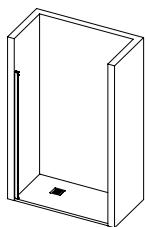

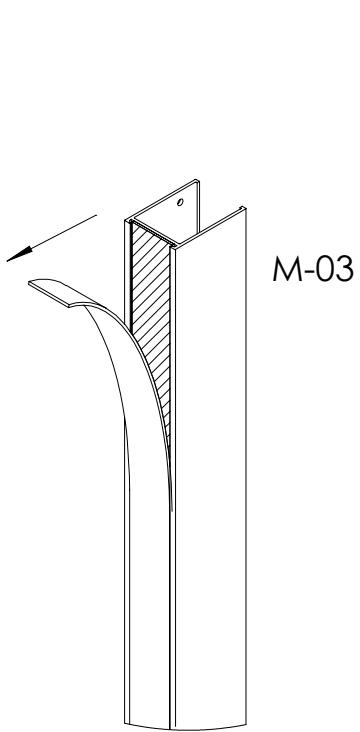

M-03

M-27

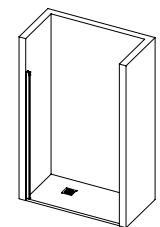

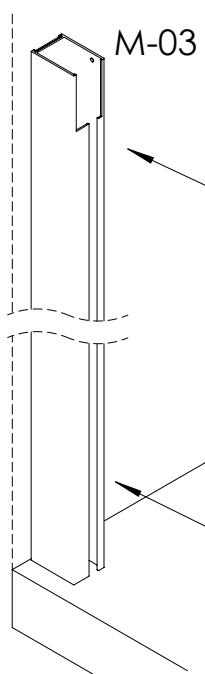

C

Despegar protector adhesivo del perfil
Take out the double side tape cover

D

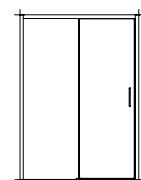

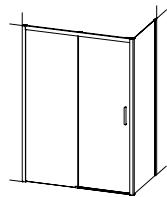

Colocar el perfil.
Place the profile

M-03

1 B

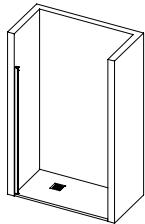

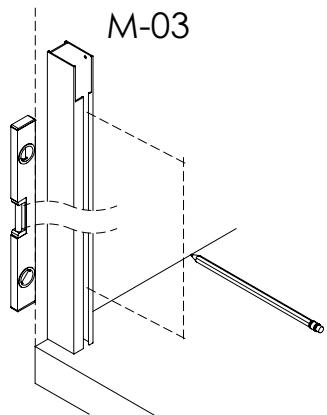

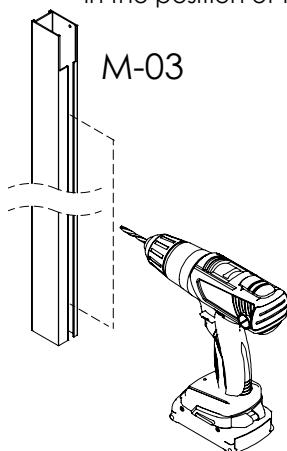

Opción de montaje del perfil atornillandolo a pared
Option for mounting the profile screwing it into the wall

A

Realizaros dos taladros al marco fijo. Posteriormente, marcar los taladros del marco fijo en la pared

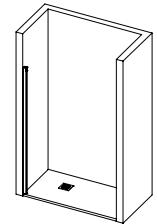

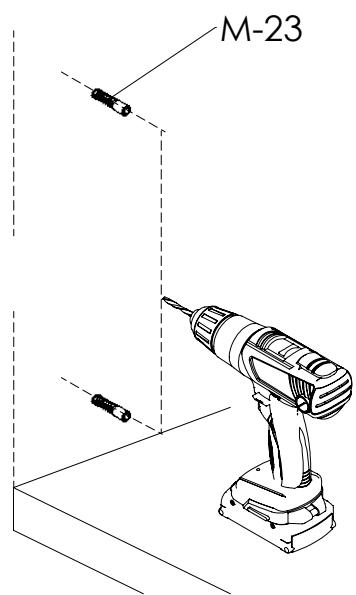

Drill two holes to the fixed profile. Then, place a mark in the position of the fixed profile drills

B

Taladrar e insertar los tacos a la pared para colocar el perfil

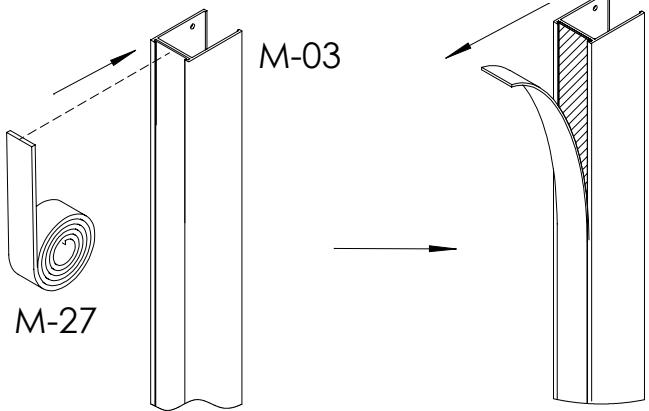

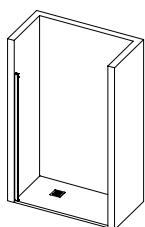

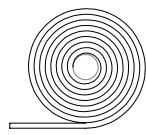

Drill and place the wall cleats

C

Pegar la cinta adhesiva al marco fijo y despegar el protector adhesivo del perfil

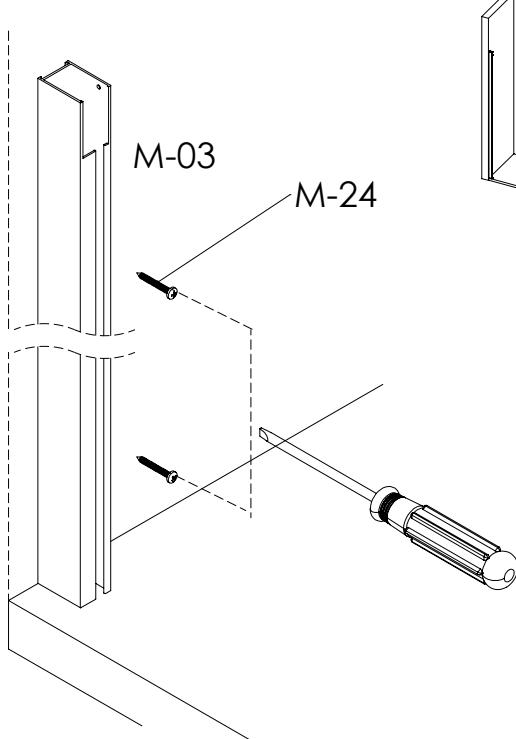

Paste the double side tape in the fixed profile. Take out the double side tape cover.

D

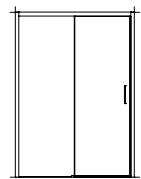

Atornillar el perfil

Screw the fixed profile

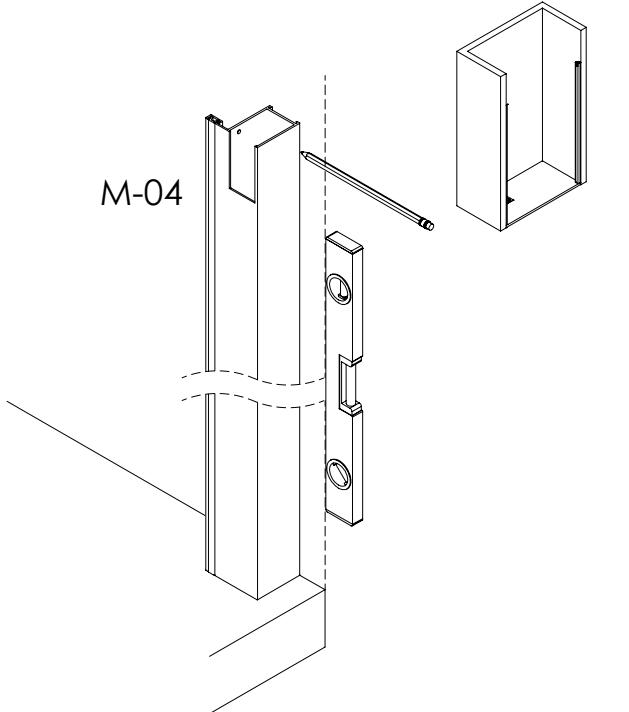

2

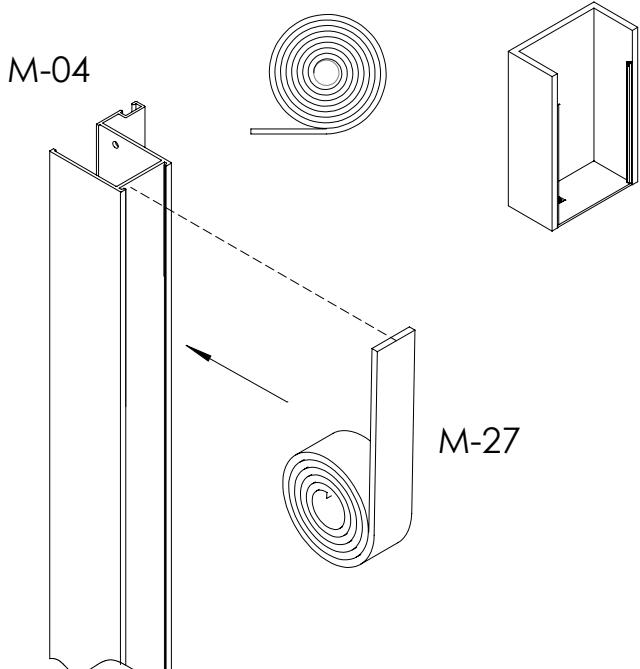

Sólo modelo Hoja corredera + fijo
Only Sliding door + fixed panel model

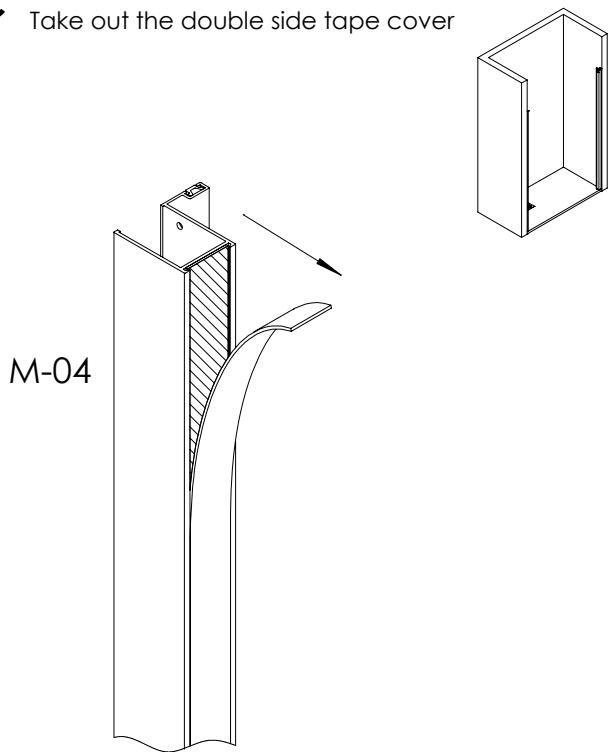

A Marcar el exterior del marco imán para colocarlo posteriormente
Place a mark in the outer part of the magnetic profile

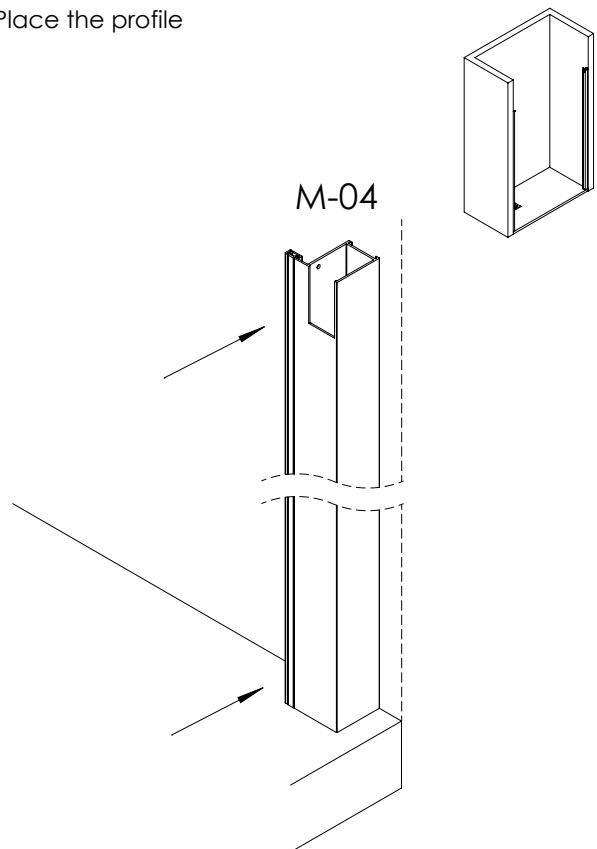

B Pegar la cinta adhesiva al marco imán.
Paste the double sided tape in the magnetic profile

C Despegar la cinta de doble cara del perfil
Take out the double side tape cover

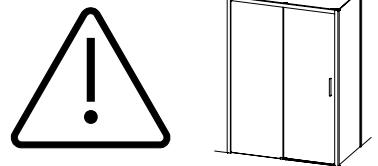

D Colocar el perfil
Place the profile

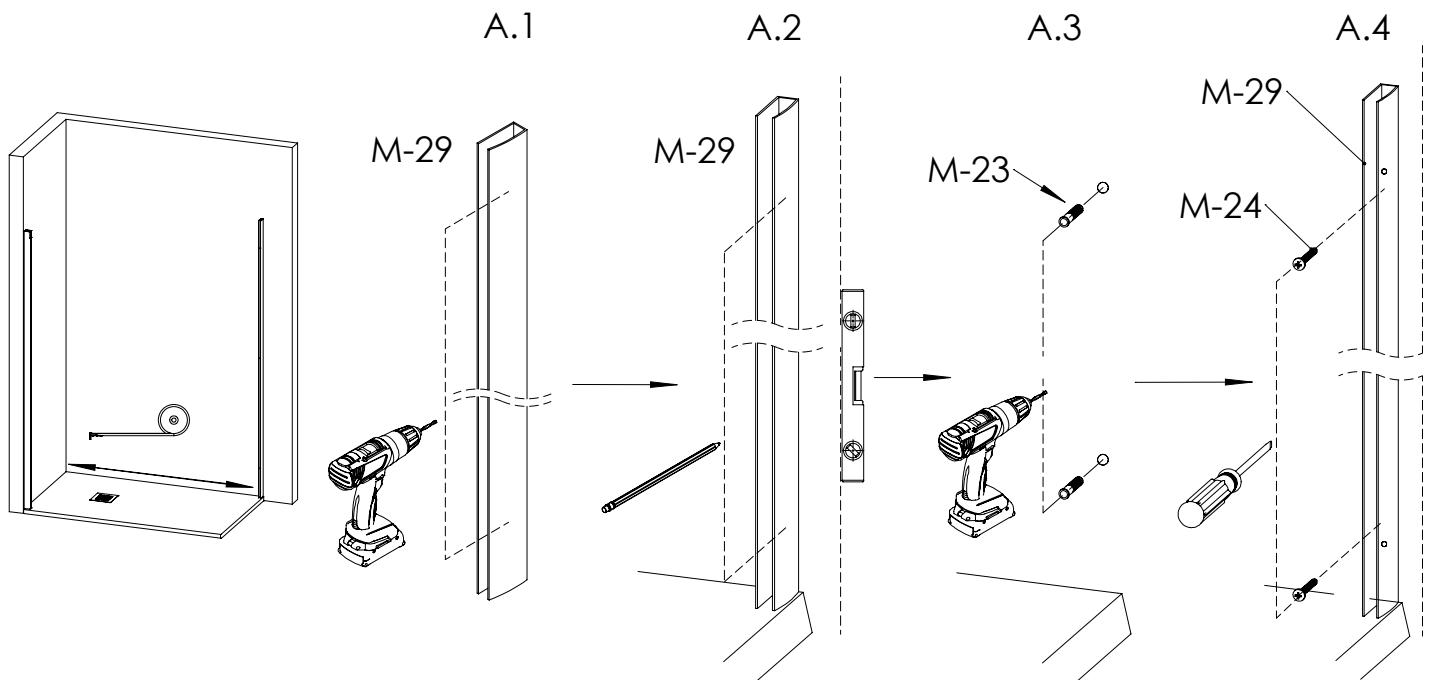

2

Sólo modelo Hoja corredera + fijo + fijo lateral
Only Sliding door + fixed panel + fixed side panel model

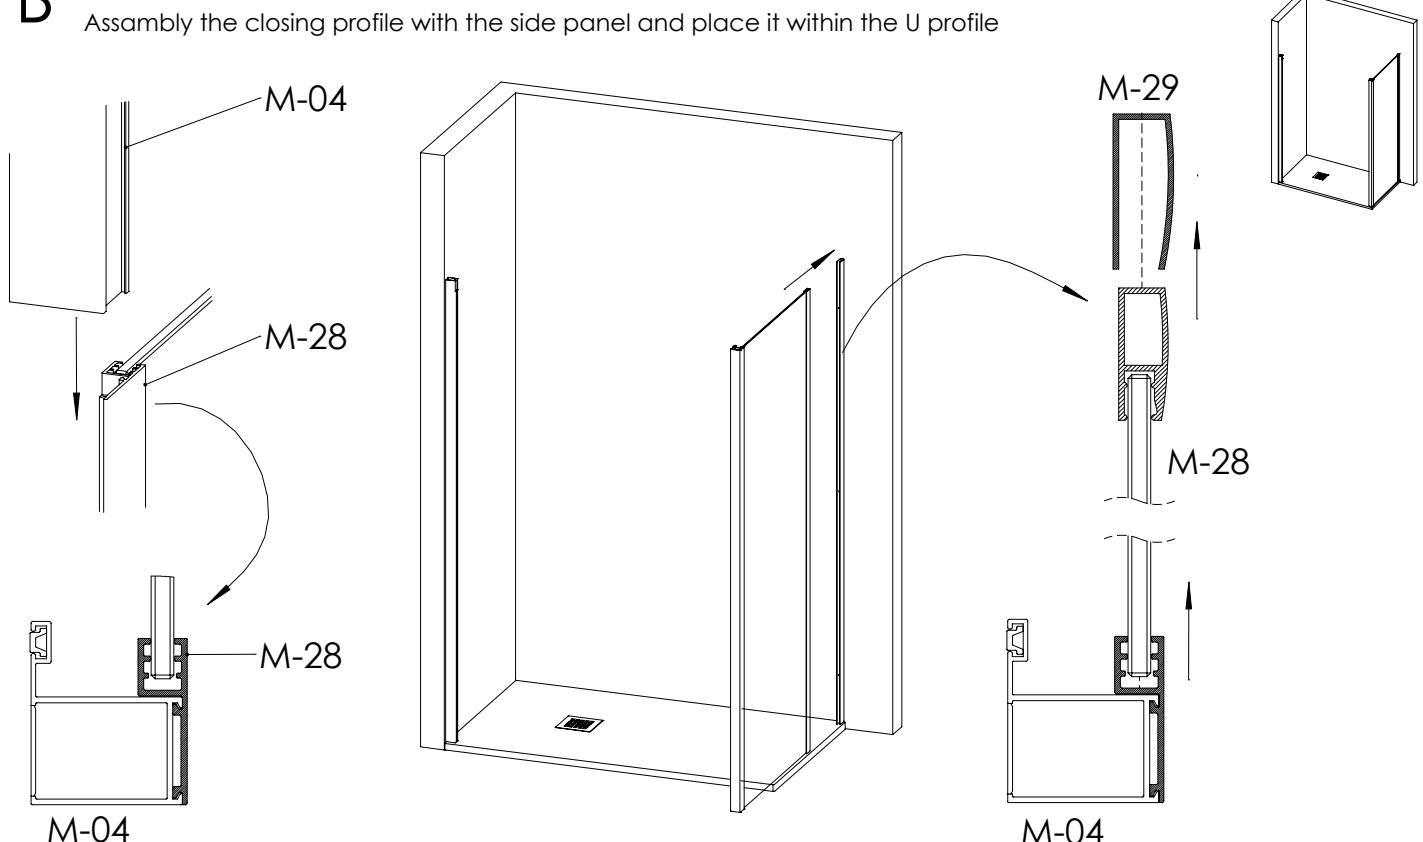

A Colocación del perfil U del vidrio fijo lateral. Realizar dos taladros al perfil U (A.1). Posteriormente, marcar taladros en la pared (A.2). Finalmente, atornillar perfil a la pared (A.3 y A.4).

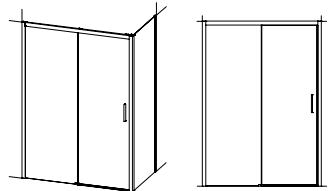

Place the U profile of the side panel for screwing it into the wall. Drill two holes to the U profile (A.1). Then, place a mark of the holes in the wall (A.2). Finally, screw the profile into the wall (A.3 and A.4).

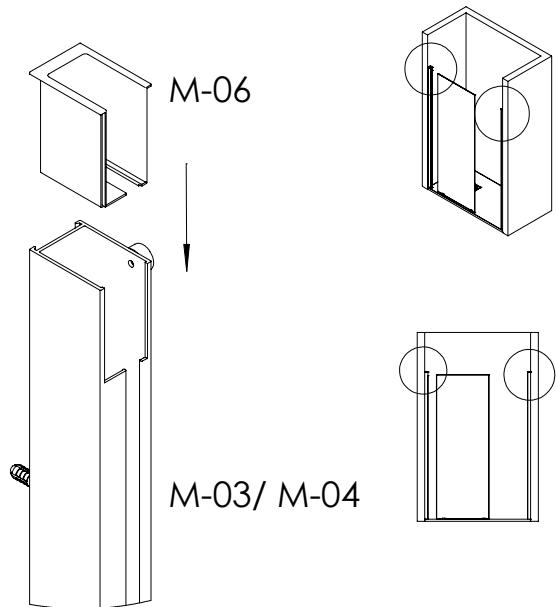

B Insertar marco imán al marco esquinero y posteriormente colocar fijo lateral.
Assambly the closing profile with the side panel and place it within the U profile

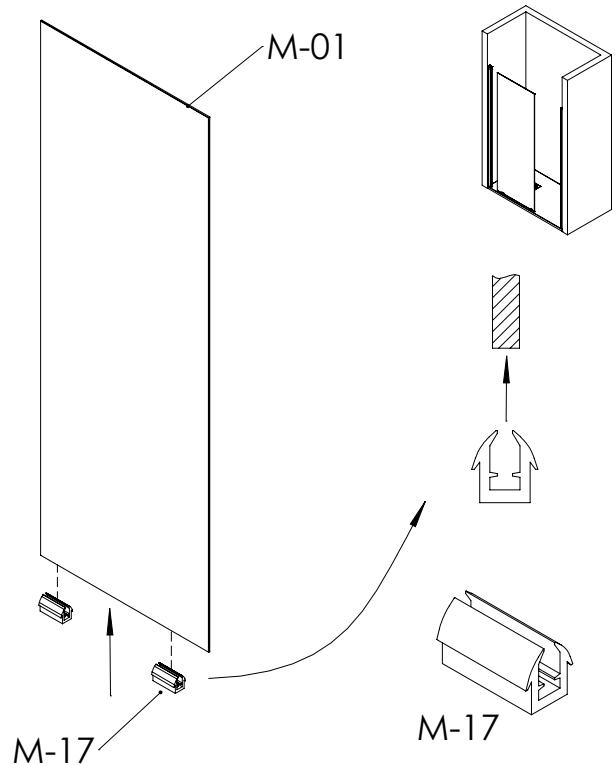

3

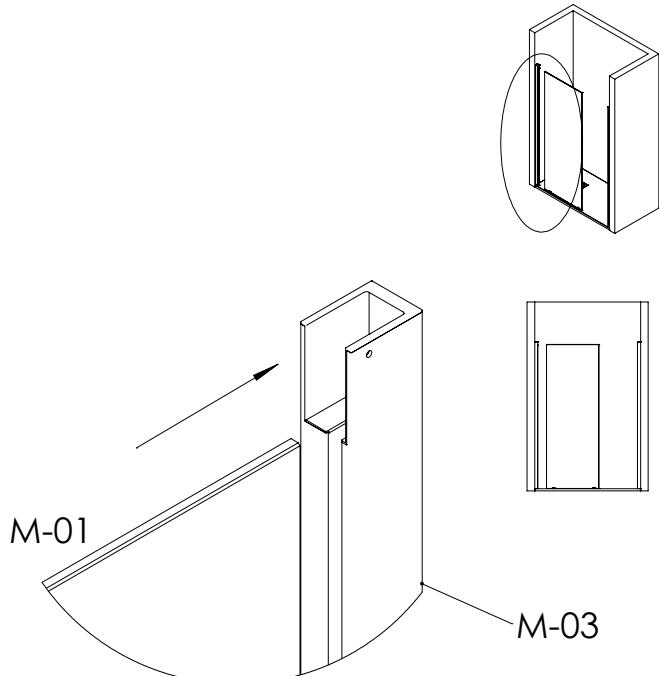

A Colocar los dos soportes de la guía. Se debe alinear la ranura de un soporte con la ranura del perfil M-03. Place the rail supports. M-03 has to be aligned within the groove of one support.

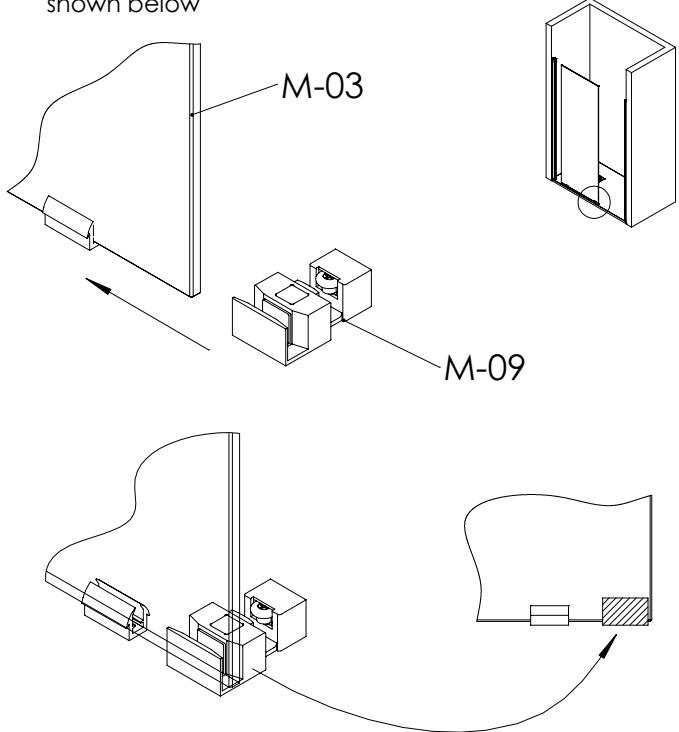

B Colocar goma de apoyo al vidrio fijo. Place the rubber stoppers for supporting the glass

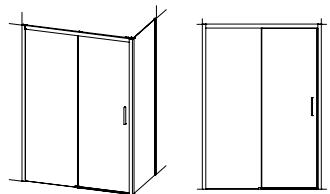

C Insertar vidrio fijo en marco fijo
Place the glass into the profile

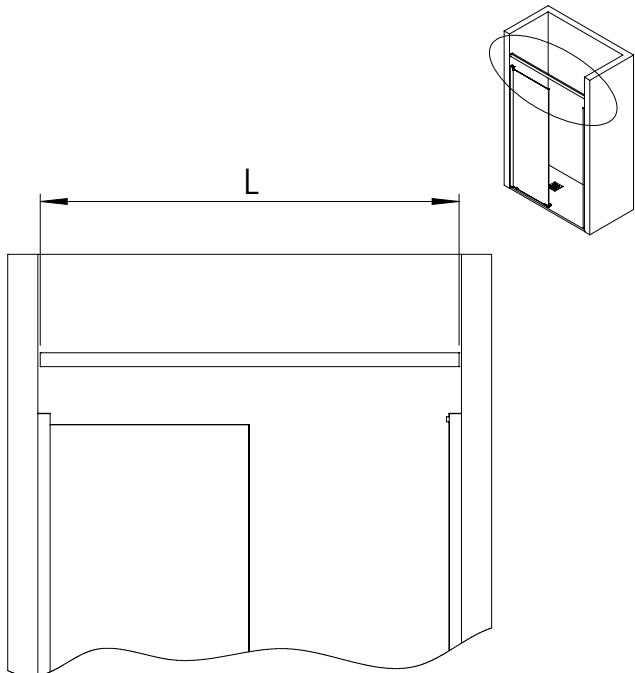

D Colocar el patín en el vidrio fijo hasta el canto del vidrio
Place the lower guide on the edge of the glass as shown below

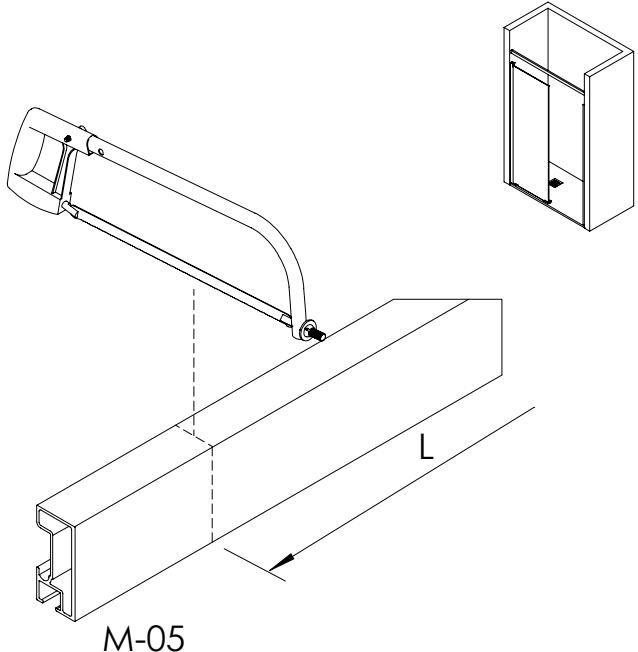

4

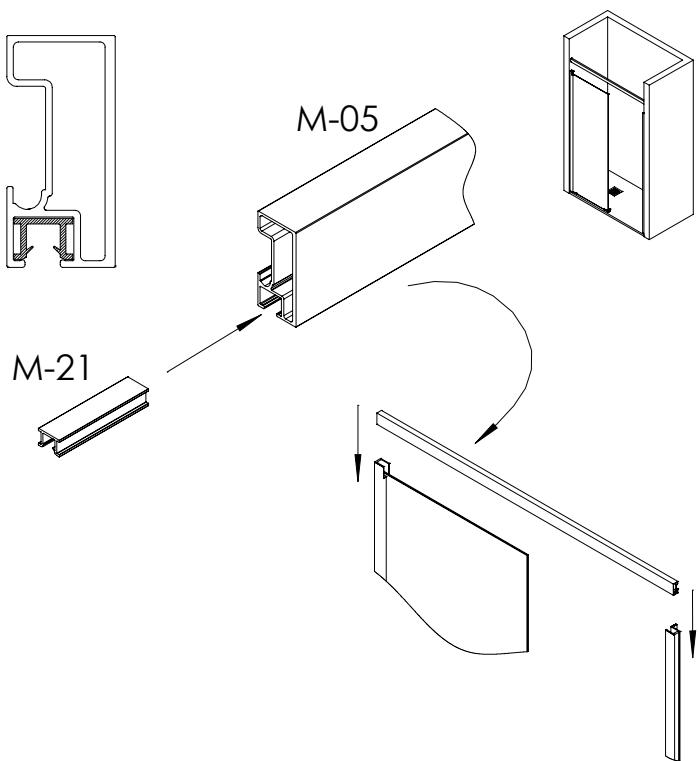

A Medir ancho de la guía para ajustarla al hueco
Measure the rail width according to the space

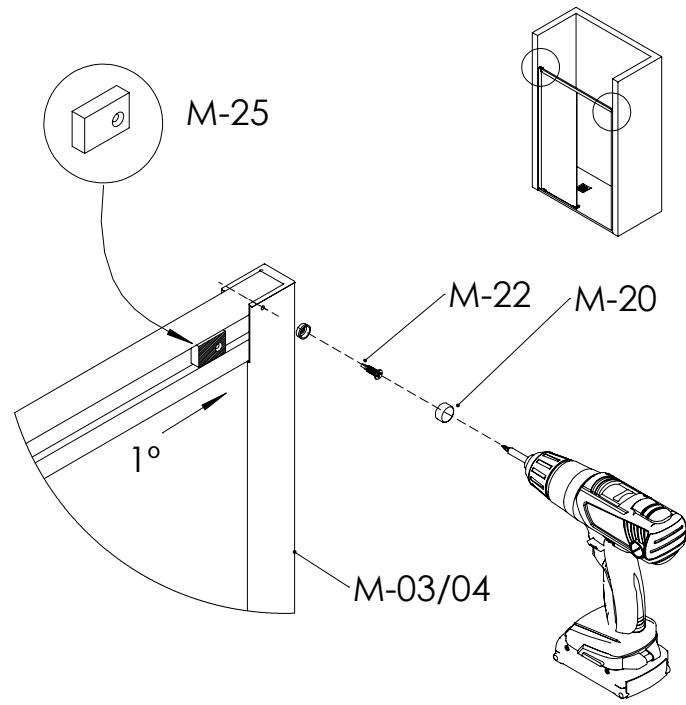

B Si fuese necesario, cortar la guía para ajustarla al hueco
If necessary, cut the rail for fitting

C Insertar M-21 en la guía. Posteriormente colocar la guía en los soportes laterales.
Place M-21 inside the rail. Then place the rail on the top of the profiles

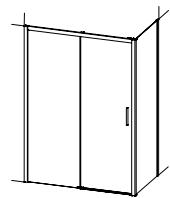

D Atornillar los extremos de la guía. Colocar primero la pieza M-25 como se indica.
Screw the extremes of the rail as shown below. M-25 has to be placed firstly

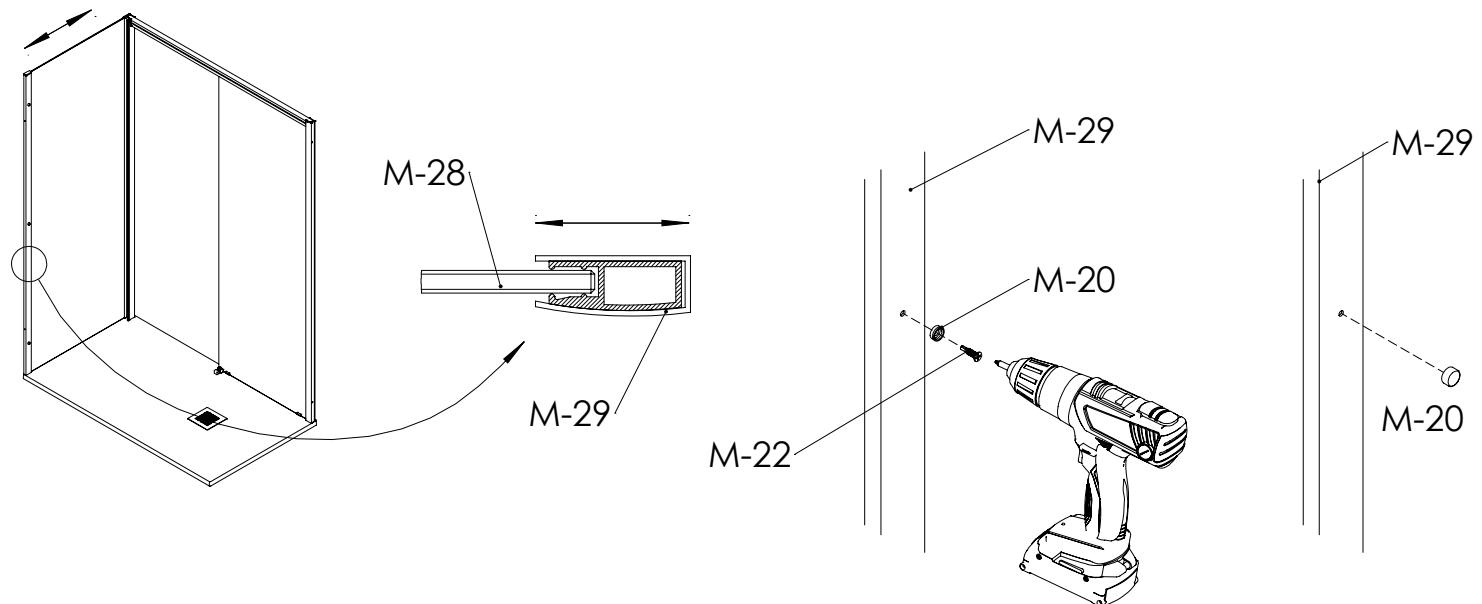

5

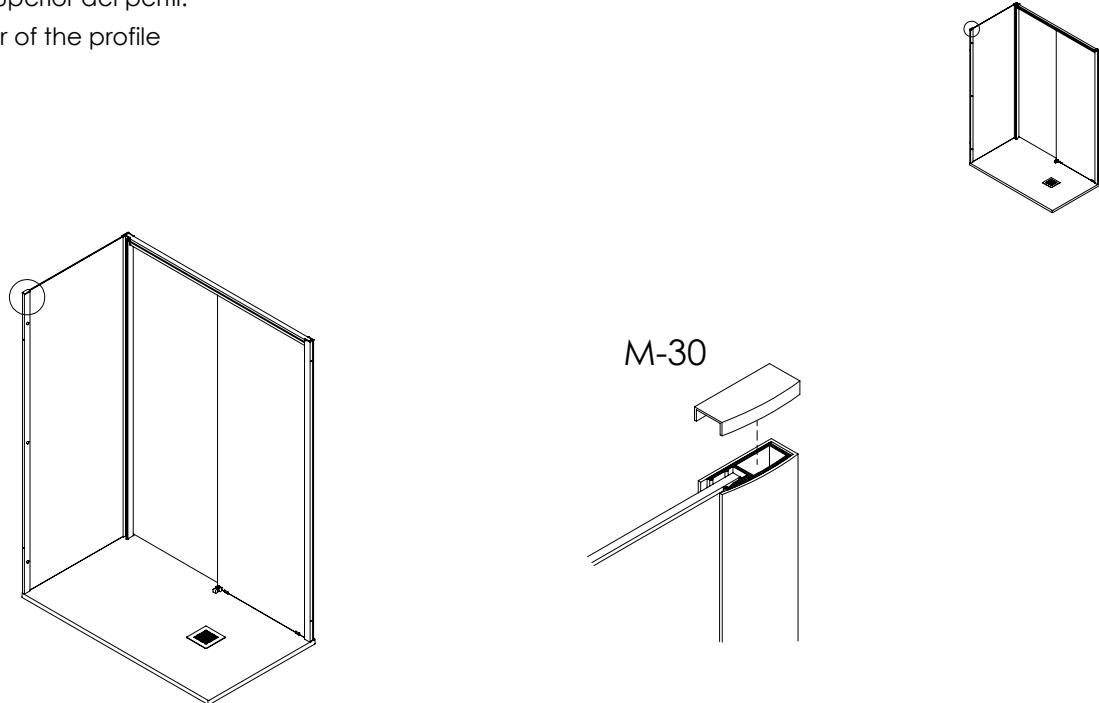

Sólo modelo Hoja corredera + fijo + fijo lateral
Only Sliding door + fixed panel + fixed side panel model

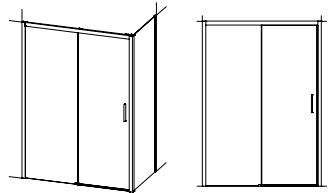

- A** Ajustar el descuadre del vidrio lateral y fijar la posición atornillándolo como se muestra.
Adjust the side glass offset and fix its position screwing it as shown below

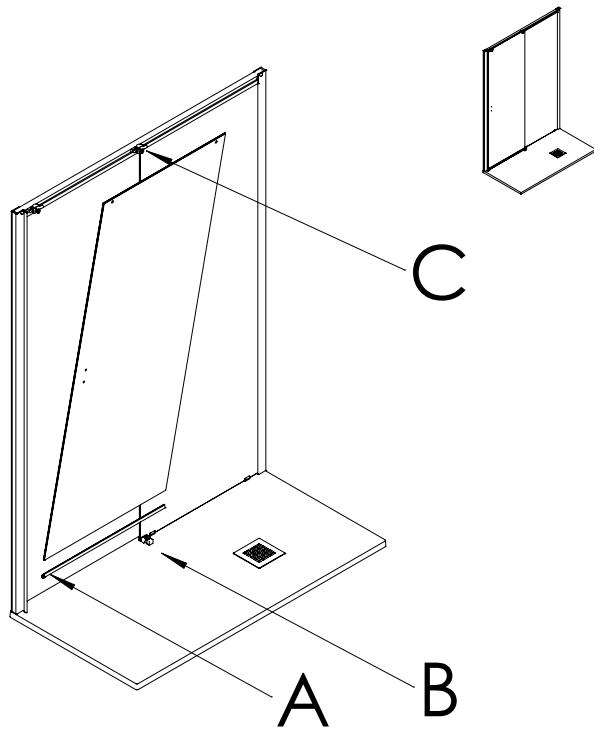

- B** Colocar tapa superior del perfil.
Place the cover of the profile

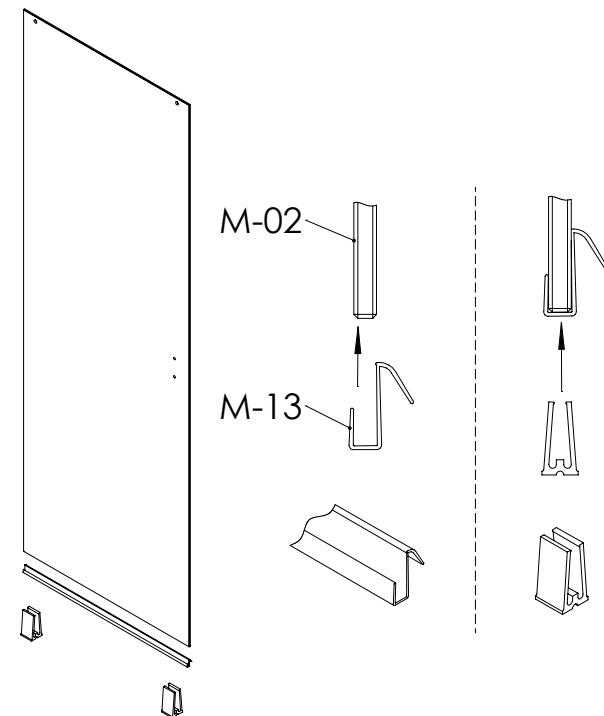

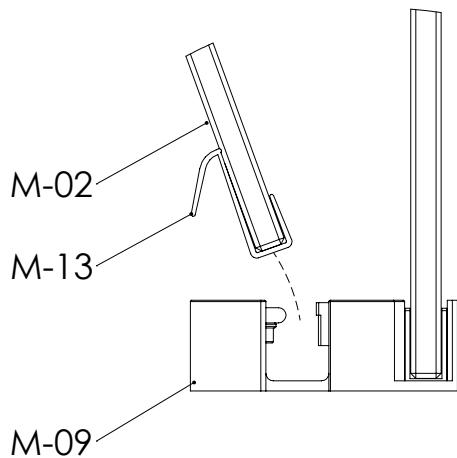

Montaje de la hoja corredera
Description of the sliding door assembly

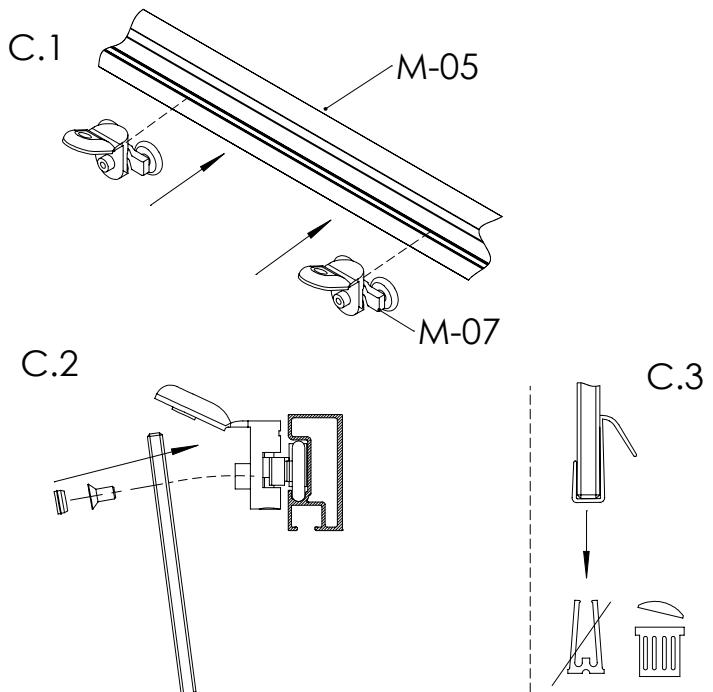

A Colocar perfil vierteaguas en la hoja corredera y añadir los soportes de ayuda de apoyo del vidrio
Place the flashing in the sliding door as shown below.
Add the glass support for easing the process

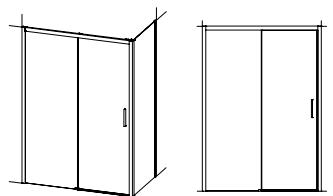

B Colocación de la hoja sobre el patín.
Place the sliding door within the lower guide as shown below

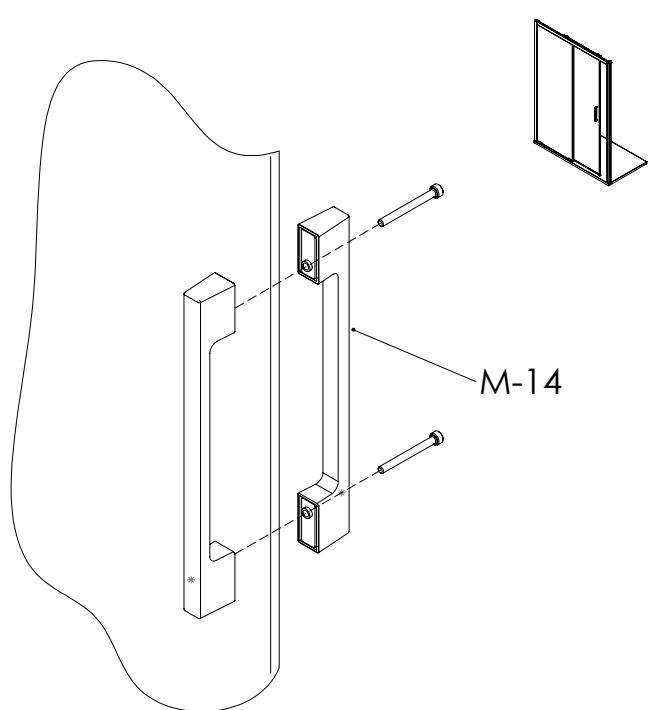

C Colocación de los rodamientos. colocarlos en la guía (C.1). Posteriormente ensamblarlos a la hoja (C.2).
Después, quitar el soporte de apoyo del vidrio (C.3)
Bearings assembly. Firstly, they have to be placed within the rail (C.1). Then screw them into the sliding glass (C.2). Finally, remove the glass supports (C.3)

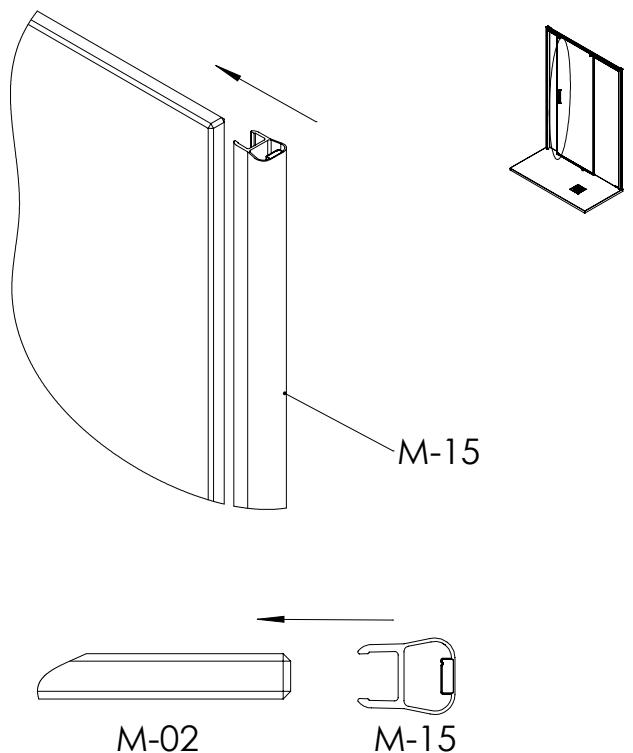

7

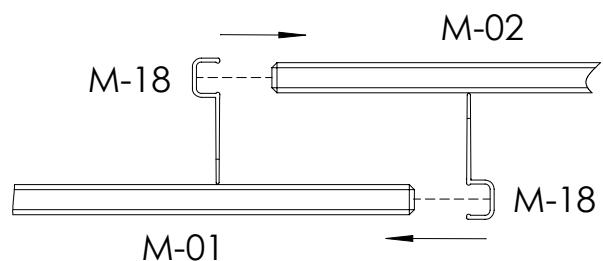

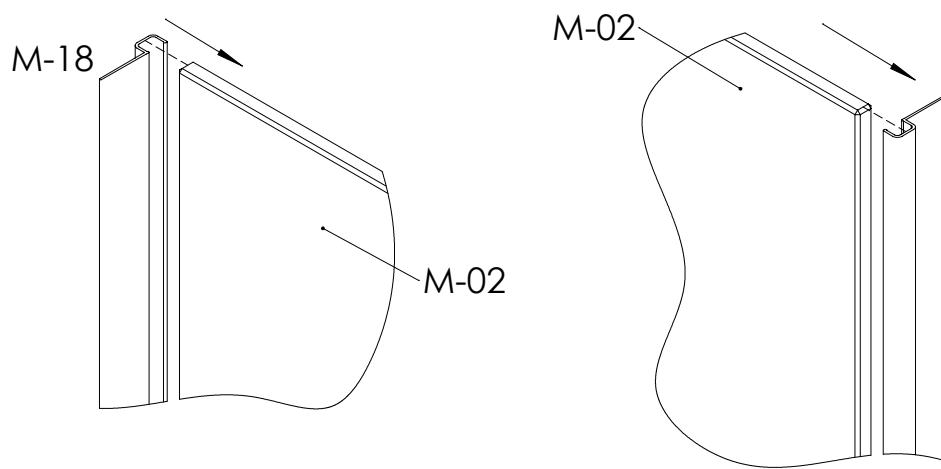

A Colocar el tirador de la puerta.
Assembly of the sliding glass handle

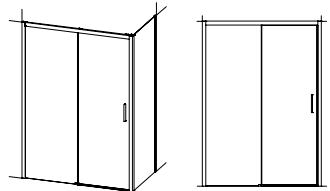

B Colocar el imán a la hoja corredera
Place the magnetic seal closure into the sliding door

C Colocar los junquillos de estanqueidad a la hoja corredera y al vidrio fijo.
Place the arrow seal in the fixed panel and sliding door

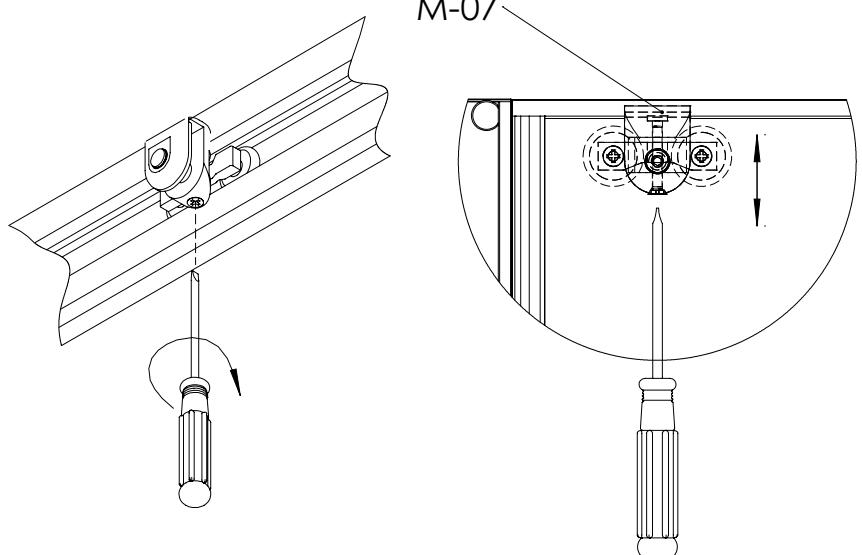

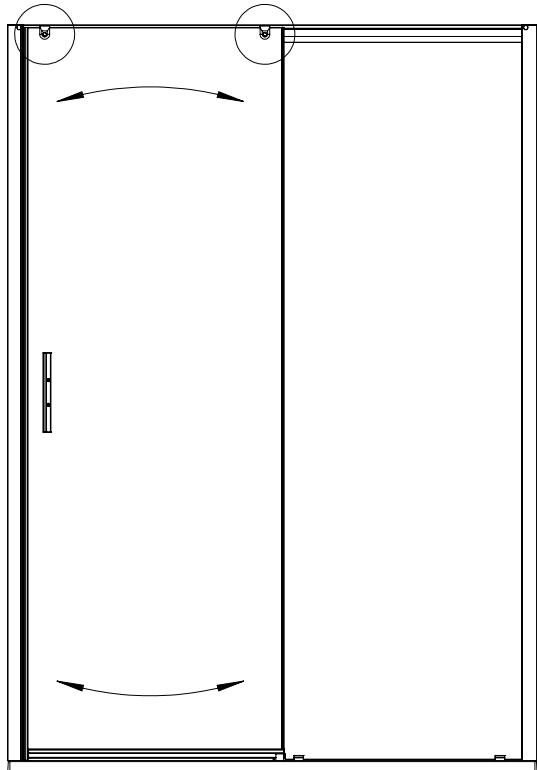

8

A Regulación de la hoja corredera

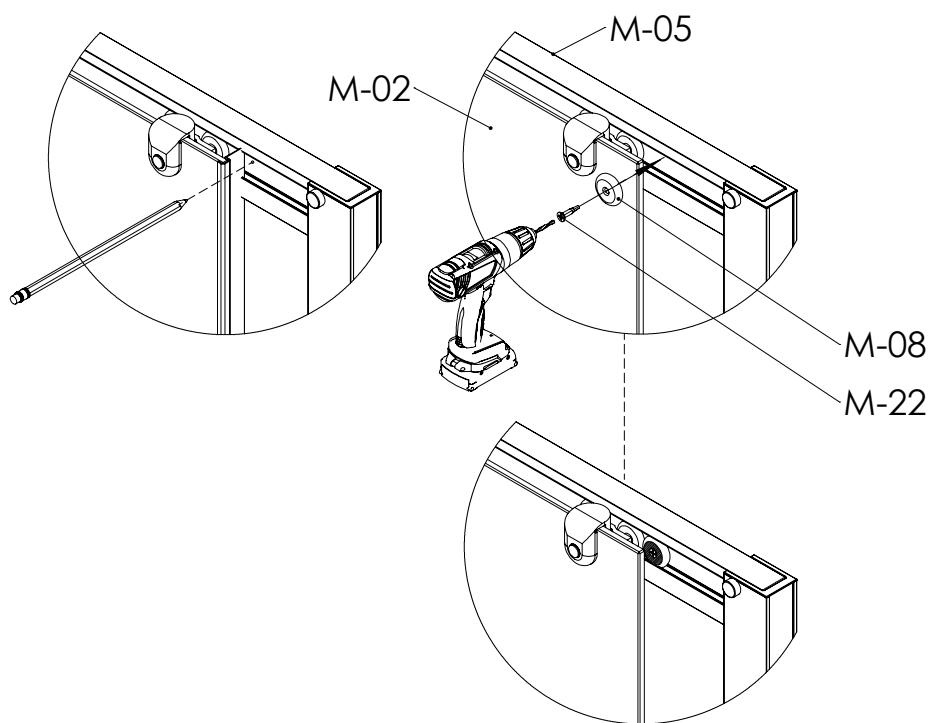

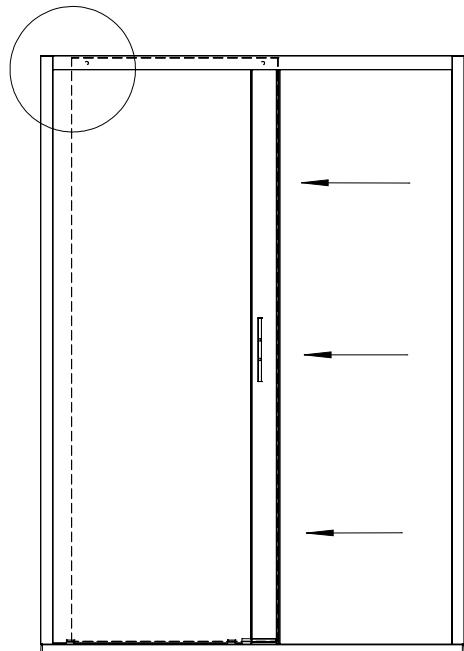

Adjustement of the sliding door as shown below

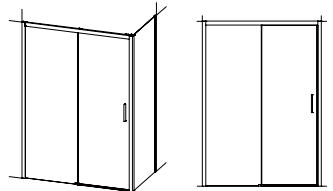

B Colocación del tope de goma de la hoja

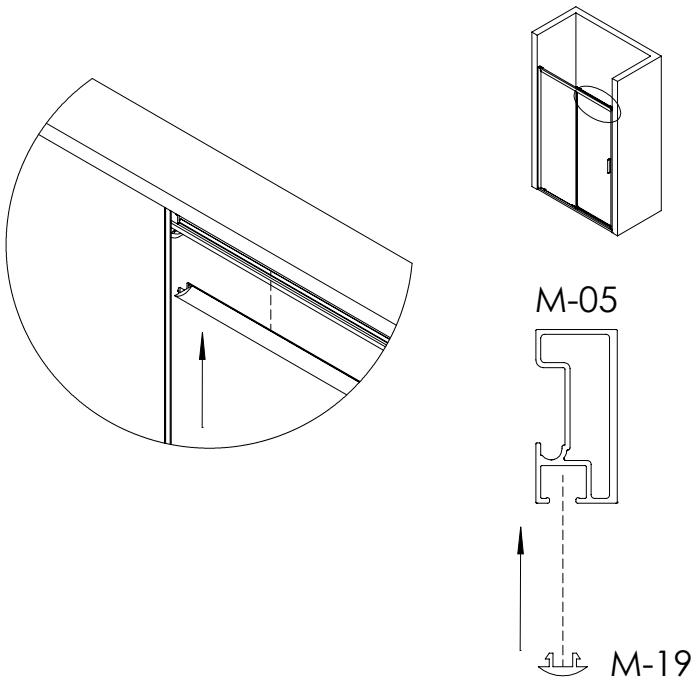

Primero abrir la puerta y marcar la posición máxima de apertura como se indica. Para terminar, atornillar el tope de goma en esa posición.

Placement of the sliding door stopper. As shown below, first you have to open the door and place a mark according to the maximum opening position. Finally, you have to screw the rubber stopper.

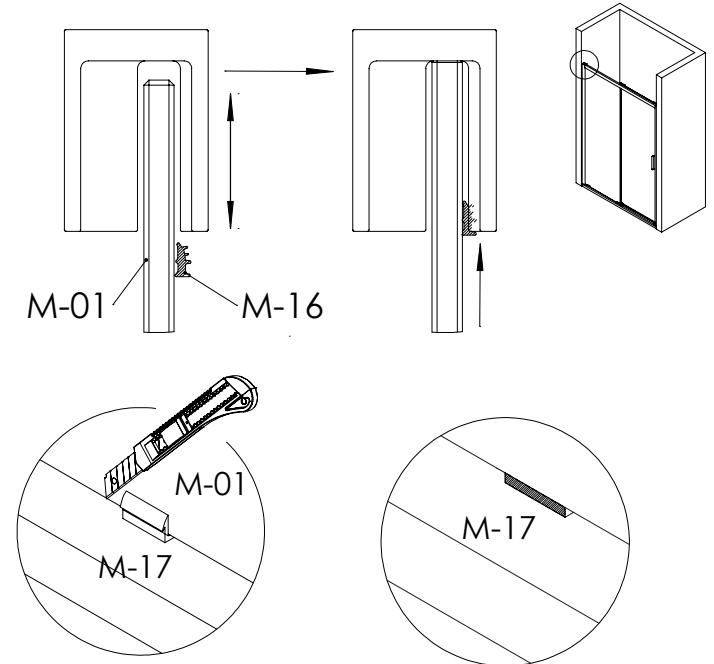

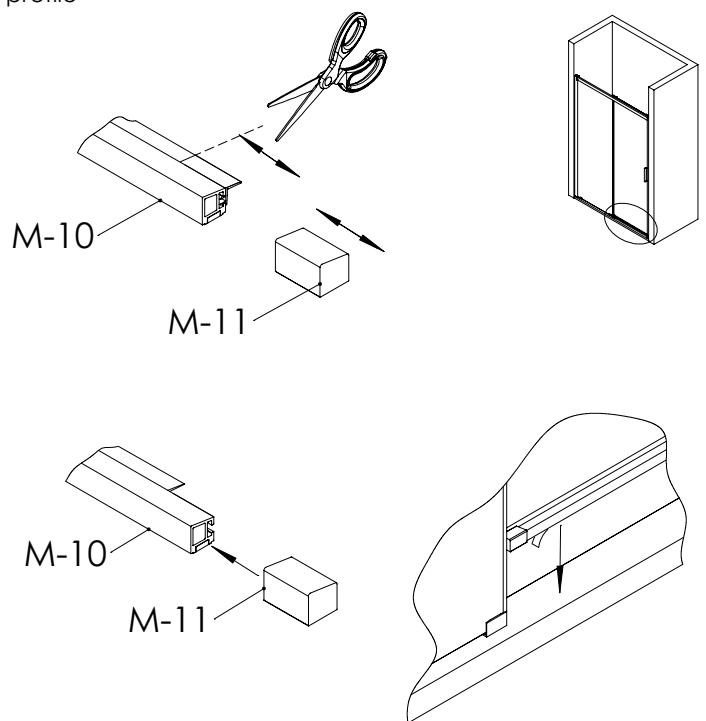

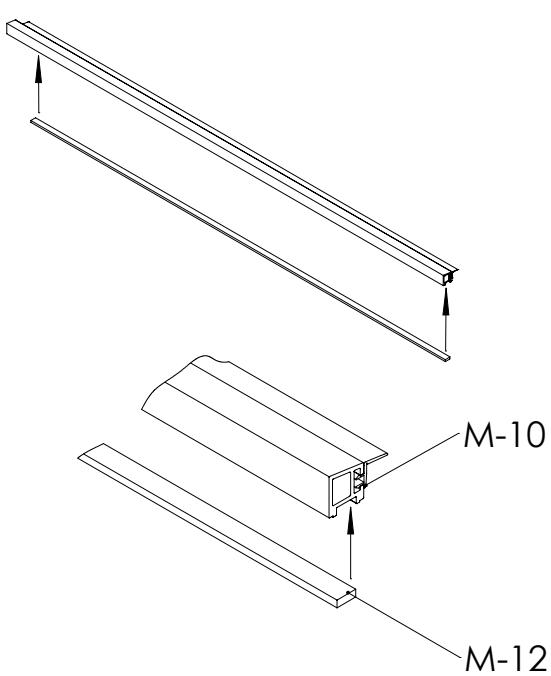

A Colocar embellecedor tapa canal. Si es necesario, cortarlo a la medida del hueco
Place the guide trim. If necessary, cut its length

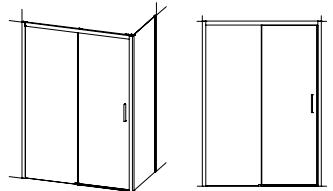

B Ajustar posición del vidrio fijo y fijarlo mediante la junta M-16. Posteriormente, cortar los extremos interior y exterior de la goma de apoyo del vidrio
Adjust the position of the fixed panel. Place the rubber M-16 on the glass. Secondly, you have to cut both the interior and exterior glass support rubber.

C Colocar el perfil base. Primero pegar la cinta de doble cara al perfil. Después colocar el conjunto en la posición indicada. Finalmente añadir embellecedores laterales
Place the lower profile. As shown below, attach the double sided tape to the profile. Continue placing the part in the sliding door gap. Finally add the extreme trims to the profile

10

Sellar el modelo terminado a lo largo de las zonas indicadas.

Seal the product as shown below
