Zasady użytkowania i konserwacji mebli

PL

- Meble należy użytkować w pomieszczeniach suchych, ogrzewanych zabezpieczonych przed szkodliwymi wpływami atmosferycznymi.
- W trakcie użytkowania mebli należy okresowo sprawdzać stan połączeń technicznych takich jak: mimośrody, zawiasy, prowadniki.
- Podczas przenoszenia mebli należy chwytać wyłącznie za pionowe elementy konstrukcyjne takie jak boki, nogi. Bezwzględnie nie można chwytać za elementy poziome, takie jak blaty, półki, szuflady, gdyż grozi to poważnymi uszkodzeniami mebli.
- Powierzchnię mebli należy czyścić wyłącznie środkami przeznaczonymi do pielęgnacji mebli.

EN

- Furniture should be kept in dry places which are heated and protected by harmful influence of atmospheric conditions.
- While the furniure is in use there is a necessity to periodically check the state of the technical connections such as: eccentric rods, hinges, guides.
- While furniture is carried it is necessary to keep only the vertical components, such as sides and legs of the furniture.
- The surface of the furniture should be cleaned only with detergents for furniture care.

DE

- Die Möbel soll man in den trockenen, beheizenen und vor den schädlichen Witterungseinflüssen gesicherten Räumen benutzen.
- Im Laufe der Benutzung der Möbel soll man zeitlich den Zustand der technichen Verbindungen wie: Exzenter, Türbände und Leitstücke prüfen.
- Während des Möbeltransports muss man ausschließlich nach vertiklen Konstruktionselementen wie: Ecken und Beine greifen. Auf keinen Fall darf man nach horizontalen Elementen, wie Blätter, Bretter und Schubladen greifen, was zur ernsthaften Möbelbeschädigung bringen kann.
- Die Fläche der Möbel soll man nur mit dazu geeigneten Pflegemöbelmitteln putzen.

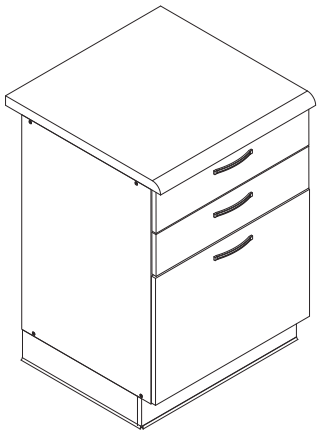

FR

- Les meubles doivent être utilisés dans des pièces sèches, chauffées et protégées contre les effets nocifs de la pollution. Les meubles doivent être utilisés dans des locaux secs, chauffés et protégés des influences atmosphériques nocives.
- Lors de l'utilisation du mobilier, l'état des connexions techniques telles que: excentriques, charnières, guides.
- Lorsque vous déplacez le meuble, ne manipulez que les éléments structurels verticaux, tels que les côtés, jambes. Vous ne devez absolument pas saisir les éléments horizontaux tels que les plateaux, les étagères, les tiroirs, car cela peut provoquer des dommages importants au mobilier.
- La surface du meuble doit être nettoyée uniquement avec des produits destinés à l'entretien des meubles.
